

## Fuels Reduction, Arborists and Foresters List

The following is a list of contractors and arborists that we have worked with several times in the past and found them to be very reputable. They are recommended by the Spokane Conservation District based on their experience and expertise. This list is not an exhaustive reference of all qualified companies in our area, nor is this recommendation a warranty or guarantee of satisfaction. The SCD further recommends that you obtain recommendations from more than one source, interview several contractors, and obtain at least three bids. Also, if you are having trees pruned or removed, make sure your contractor is bonded and insured. The SCD further recommends that you work first with a forestry consultant to determine your forest management needs before hiring a logger.

<b>Arborists:</b>		
Spirit Pruners	<a href="http://www.spiritpruners.com/">www.spiritpruners.com/</a>	509-979-3496
